

# Cyber & Data Insurance

**In the event of a data loss or interruption to your business, we'll help keep your business running**

Cyber insurance isn't just about hackers or criminals. Human error and the loss or mysterious disappearance of company property can all lead to your organisation facing a data loss. With the advent of GDPR, such data losses can put a business's reputation, and ongoing future, on the line.

Working with specialist insurers, County Insurance Services Ltd can offer you peace of mind should the worse happen. Our Cyber insurers can offer:

- Cover for costs incurred following a data loss or cyber security breach, from incident response through to reputational management
- Cover for cyber crime due to social engineering, telephone fraud and phishing scams
- System repair costs to help reconfigure and rebuild hardware following an incident

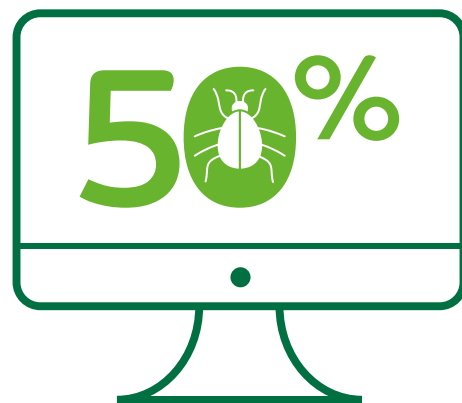

Your dedicated Account Executive will work with you to help get the most out of your insurance policy. Coupled with a dedicated claims manager, you can be assured we'll be there for you from start to finish.
